RESPONSE OF LEGENT COMMUNICATIONS CORPORATION ("Legent")  
TO COMMISSION STAFF DATA REQUESTS  
DATED MARCH 5, 2002

Request No. 1: Provide the projected total revenue for the first twelve months to provide telecommunications service to Arizona customers by the Applicant following certification, adjusted to reflect the **maximum rates** that the Applicant has requested in its tariff. This adjusted total revenue figure could be calculated as the number of units sold for all services offered times the maximum charge per unit.

Response: Legent anticipates that it will sell 30,000 intrastate minutes in Arizona during the first twelve months of service. At the maximum tariffed rate of \$0.20 per minute, Legent projects that its revenue for the first twelve months will be \$6,000.00. (30,000 x \$0.20).

Request No. 2: Provide the projected **operating expenses** for the first twelve months to provide telecommunications service to Arizona customers by the Applicant following certification.

Response: Legent anticipates that the wholesale cost of intrastate Arizona minutes will be \$0.12 per minute. Thus, Legent projects that its operating expenses for the first twelve months will be \$3,600.00. (30,000 minutes x \$0.12).

Request No. 3: Provide the book value (original cost less accumulated depreciation) of **all Arizona jurisdictional assets** projected to be providing telecommunications service to Arizona customers at the end of the first twelve months of operation. If the projected fair value of those assets is different than the projected original cost net book value, also provide the corresponding projected fair value amounts. Assets are not limited to plant and equipment. Items such as office equipment and office supplies should be included in this list. If the projected value of all assets is zero, please specifically state this in your response.

Response: Legent is a provider of resold long distance service. Legent does not now have and does not anticipate owning assets of any kind in the State of Arizona. Thus, Legent projects that the value of its Arizona jurisdictional assets will be \$0.00.
